A YOUNG singer/songwriter has been discovered on the Central Coast.

**Aaron Darling**, 14, of Tumby Umbi, received a scholarship worth more than \$600 from McDonald's at Gosford to take part in a program for gifted and talented students.

The Scientia challenge program featured a range of workshops from different academic disciplines.

Aaron explored his passion for penning and performing songs in a music workshop.

"I had a spectacular time doing the course on songwriting," Aaron said.
